

## **CURRENT LISTING OF THE CLAIMS**

This listing of claims replaces all prior versions, and listings, of claims in the application:

1. (Previously presented) A photographic system, comprising:  
an inflatable structure that defines a cavity sufficiently large to contain a plurality of people, props, and equipment; and  
wherein the structure comprises a translucent wall that is colored to produce a uniform chroma key colored backdrop to a subject being photographed from inside the cavity.
- 2-3. (Cancelled)
4. (Previously presented) The system of claim 1, further comprising a plurality of stage lights that illuminate the cavity from outside the structure.
5. (Cancelled)
6. (Previously presented) The system of claim 1, wherein the inflatable structure is comprised of a plastic sheet.
7. (Previously presented) The system of claim 6, wherein the plastic sheet is a vinyl.
8. (Previously presented) The system of claim 7, wherein the vinyl has a thickness of at least 4 mils.
9. (Original) The system of claim 1, wherein the inflatable structure has a floor area of more than 20,000 sq. ft.
10. (Original) The system of claim 1, wherein the chroma key color is blue.
11. (Original) The system of claim 1, wherein the chroma key color is green.
12. (Previously presented) The system of claim 1, wherein the inflatable structure has a floor portion that is continuous with the wall.

13. (Previously presented) The system of claim 1, wherein the structure is inflated by pressurizing the cavity.

14-18. (Cancelled)

19. (Previously presented) A photographic method, comprising:

providing an inflatable structure that defines a cavity having a wall colored to produce a chroma key colored background;

positioning a camera and a subject inside the cavity;

illuminating the subject with artificial lighting transmitted through the wall; and

photographing the thus illuminated subject against the background from the inside of the cavity.

20. (Previously presented) The method of claim 19, wherein the subject comprises a person.

21. (Previously presented) The method of claim 19, wherein the subject comprises a car.

22. (Previously presented) The method of claim 19, further comprising positioning at least some photography-related equipment inside the cavity, and operating the equipment from outside the cavity.

23. (Previously presented) The method of claim 19, wherein the step of providing the structure further comprises providing a floor portion that is an extension of the wall.
